ABSTRACT

The Austin Independent School District (AISD) presents District summary data for the achievement tests administered in the spring of the 1984-85 school year to all AISD students in kindergarten through twelfth grade. The Iowa Tests of Basic Skills is administered to kindergarten through eighth grade, Tests of Achievement and Proficiency is administered to grades nine through twelve, and the Texas Assessment of Basic Skills is administered in grades 3, 5, and 9-12. District characteristics accompany these results to describe the general context in which these achievement scores were collected. Students' scores were excluded from these achievement summaries under the following conditions: scores for special education students who received special education services; and scores for students who were monolingual or dominant in a language other than English. This is Volume I.

**AUSTIN INDEPENDENT SCHOOL DISTRICT
DISTRICT ACHIEVEMENT PROFILES
1984-85**

The following pages include District summary data for the achievement tests administered in the spring of the 1984-85 school year to all AISD students in grades K-12. The Iowa Tests of Basic Skills (ITBS) is administered in grades K-8, Tests of Achievement and Proficiency (TAP) is administered in grades 9-12, and the Texas Assessment of Basic Skills (TABS) is administered in grades 3, 5, and 9-12. District characteristics accompany these results to describe the general context in which these achievement scores were collected.

ITBS and TAP

The following ITBS and TAP summaries are presented separately for each grade:

Scores for the Total Group and by Ethnicity

- . Median percentiles based on 1982 norms.
- . Median grade equivalents based on 1982 norms.

Scores for the Total Group Only

- . Percent of students scoring in various percentile ranges.
- . Percent of students scoring at least plus or minus 1.0 grade equivalent from grade level.

On the ITBS, summary scores are also presented for students who were tested in each of the past two and three years. These scores reflect achievement of the same students over time.

Percentile rank scores are based upon a nationwide sample of students who completed the ITBS or TAP prior to their publications. The nationwide median percentile score for all tests at all grades is 50, the score that was surpassed by exactly half of the students at that grade in the national norm group. Median grade equivalent scores are reported in addition to percentile scores. Students achieving at grade level in the spring would receive an X.8 grade equivalent score in grades K-6 and 9-12, and an X.67 grade equivalent score in grades 7 and 8. Therefore, if a given grade has a median percentile score higher than 50 or a median grade equivalent score higher than X.8 (grades K-6 and 9-12) or X.67 (grades 7 and 8), this means that achievement is higher than the norm group.

Students' scores were excluded from these achievement summaries under the following conditions:

Special Education: Scores for special education students who received one or more hours (grades K-6) or more than three hours (grades 7-12) of special education services per day, or who took the test for experience only.

Limited English Proficient (LEP): Scores for students who were monolingual or dominant in a language other than English (LEP categories A and B).

To be included in the scores for one of the groups tested two or three years on the ITBS, a student had to meet these criteria:

- . Took all tests given each year.
- . Not LEP category A or B in 1984-85.
- . Grade level increased by one each year.
- . Did not receive one or more hours (grades K-6) or more than three hours (grades 7-8) of special education services in 1984-85.
- . Did not take the test for experience only in 1984-85.

Achievement areas measured in 1984-85 included:

ITBS

Kindergarten	Grades 1 and 2	Grades 3-8
Listening Language Mathematics	Reading Spelling Word Analysis Mathematics	Reading Language Work-Study Mathematics

TAP

Grades 9-12	
Reading Comprehension Mathematics Written Expression	Using Sources of Information Social Studies Science

Scores are provided for major skill areas as well as for subtests within those areas. The median Basic Battery Composite (grades 1 and 2) and Complete Battery Composite (grades 3-12) scores are listed for each grade, for the total group and by ethnicity.

TABS

These TABS summaries are presented for grades 3, 5, and 9:

- Percentage mastering each objective
- Percentage mastering exit-level test

The Texas Assessment of Basic Skills (TABS) is a State-mandated, criterion-referenced test in the areas of reading, mathematics, and writing. The District profiles included in this section summarize the 1984-85 administration at grades 3, 5, and 9. Results are shown in terms of the percent of students mastering an objective, with three out of four items needed for mastery at the State level.

Students' scores were excluded from these achievement summaries under the following conditions:

Special Education: Scores for special education students who took the test even though exempted by their ARD Committee or who took the test for experience only.

Invalid: Scores for individual tests which the teacher marked DO NOT SCORE because of a circumstance which makes the score invalid, e.g., illness during a test.

NOTES

Comparisons to Reports from Previous Years

Prior to the 1983-84 school year, ITBS scores were based upon 1978 norms. Scores from 1979-80 through 1982-83 were recalculated using 1982 ITBS norms for this report. The median percentile and grade equivalent scores presented here are calculated independently using 1982 norms, based upon the most recent test data files. Each year some test records are updated by adding missing student information.

Prior to the 1984-85 school year, percentile scores on the ITBS and TAP were truncated after calculation. The 1984-85 profiles for the current and previous years were recalculated, rounding to the nearest whole number; hence, the difference of one percentile point in many of the percentiles as compared to data previously reported.

Anomalies

Over the past five years ORE staff members have noted several anomalies which may be present in achievement test data. Two are evident in this report.

1. A total group's median may decline while all subgroups' medians rise. (Example: Reading Total, Grade 3, 1979-80 to 1980-81 scores.)
2. A total group's percentile gain may be larger than the gain of each subgroup. (Example: ITBS Composite, grade 6, 1980-81 to 1981-82 scores.)

For more information on these and other anomalies in achievement data, please refer to ORE Publication 81.60, Anomalies in Achievement Analyses.

STUDENT ACHIEVEMENT FACT SHEET FOR 1984-85

TESTING DATES

<u>Grade(s)</u>	<u>Test</u>	<u>Dates</u>	<u>Make-ups</u>
K	ITBS Language	September 10-14	September 17-21
7 and 8	ITBS	February 12-14	February 15-22
3, 5, and 9-12	TABS	February 11-15	February 18-20
K - 6	ITBS	April 23-25	April 26 - May 3
9 - 12	TAP	April 30 - May 1	May 11 and 18

CRITICAL MORNING DATES

<u>Grade(s)</u>	<u>Test</u>	<u>Date</u>
K - 2	ITBS	May 2
3 - 8	ITBS	April 28
9 - 12	TAP	April 21

NORMS USED AND YEAR OF NORMING

<u>Grade(s)</u>	<u>Norms</u>
K; fall	Interpolated fall percentiles for September testing; 1982 norms
7 and 8	Interpolated midyear percentiles for February testing; 1982 norms
K - 6	Spring percentiles; 1982 norms
9 - 12	Spring percentiles; 1982 norms

FUNCTIONAL-LEVEL TESTING

Functional level testing allows a student to take a test level which more closely matches classroom performance. AISD students in grades 4-6 take one of three ITBS test levels appropriate for that grade.

ITBS PRACTICE TESTS

Students in grades 1-8 have an opportunity to become familiar with the mechanics of taking the ITBS through a practice test. Locally developed during the 1979-80 school year, the short (10-30 minutes) practice test allows students to understand better the ITBS directions, how to mark an answer, and the test item format.

STUDENTS NOT INCLUDED IN TESTING

Special Education: Special education students whose Admission, Review, and Dismissal (ARD) Committee determined that they should be exempted from all or part of the ITBS, TAP, testing.

Limited English Proficient (LEP): After administration of the first subtest, LEP students who were dominant or monolingual in a language other than English could be excused from other tests if in the teacher's judgment the student could not understand English well enough to answer about one out of four items correctly (a chance level).

SCORES NOT INCLUDED IN ACHIEVEMENT SUMMARIES

Students' scores were excluded from achievement summaries under the following conditions.

ITBS and TAP

Special Education: Scores for special education students who received one or more hours (grades K-6) or more than three hours (grades 7-12) of special education services per day, or who took the test for experience only.

Limited English Proficient (LEP): Scores for students who were monolingual or dominant in a language other than English (LEP categories A and B).

TABS

Special Education: Scores for special education students who took the test even though exempted by their Admission, Review, and Dismissal (ARD) Committee or who took the test for experience only.

Invalid: Scores for individual tests which the teacher marked 00 NOT SCORE because of a circumstance which makes the score invalid.

THE CALCULATION OF MEDIAN SCORES

The median scores (percentiles and grade equivalents) were calculated by determining the point which divides the ranked scores into halves. The procedures used for calculating this interpolated point on a continuum can be found in the 1981-82 Systemwide Evaluation Technical Report (OKE Publication Number 81.24, Appendix E).

BRIEF DEFINITION

MEMBERSHIP: The number of students on the current roll of the school (including regular and special education students) averaged for the entire year.

PERCENT ATTENDANCE: The percentage of students on the current roll who actually are present (including regular and special education students) averaged for the entire year.

PUPIL/TEACHER RATIO: The average number of students (regular and resource) per regular classroom teacher in the school.

% LOW-INCOME STUDENTS: The percent of students at the school who qualify for free and reduced lunch, based upon the third six-weeks membership.

ETHNIC DISTRIBUTION: The percent of enrolled students on October 1st who are Hispanic (H), Black (B), and Anglo/Other (A).

MAJOR SPECIAL PROGRAMS: Programs bringing additional resources to a number of schools in the District, having a direct effect on achievement, and operating in this school.

MAJOR SPECIAL PROGRAMS: Programs bringing additional resources to a number of schools in the District, having a direct effect on achievement, and operating in this school.

* The declining trend apparent in the % Low-Income Students figures is likely the result of stricter enforcement, beginning in 1982-83, of federal regulations governing participation in the Free and Reduced-Price Meal Program.
